NEMTEK
Electric Fencing Products

# Modulus 2 way bracket

The Modulus range offers a slimline aesthetically pleasing finish to the Nemtek electric fencing range of brackets. Using fibreglass and plastics in its construction it can be used in many harsh corrosive environments. The patented Modulus brackets are designed with flexibility in mind and different options can be made up as needed using slide insulators and spacers.

The 2-way brackets are primarily used as intermediate brackets.

Features:
- Modular design so that it can be assembled on site to fit the needs of the installation
- Durable and can be installed in most harsh environments
- Light to transport, and easy to handle
- Increased security as more wire can be assembled on the bracket when rewired
- Insulator can be installed on both sides of the bracket to increase security

## Specifications:

Modulus 2-Way Brackets sizes:
- 2660mm-27 Wire EMOD-2660C
- 2360mm-24 wire EMOD-2360C
- 1960mm-20 wire EMOD-1960C
- 1160mm-12 wire EMOD-1160C
- 960mm-10 wire EMOD-960C
- 460mm- 5 wire EMOD-460C
