Solar panel 20W

SOL-SYS20W

The Nemtek 20Watt solar panels offer a renewable source of energy and are ideal for the needs of security, game and horse electric fencing systems and the agricultural industry. The solar panel harnesses the energy of the sun, stores it into battery and then uses it when needed. So there are no monthly costs.

Features:
• Ease of access to power in remote areas, where access to main power can often be difficult or expensive.
• A solar powered backup can ensure no loss of power as a result of power cuts.

Specifications:

Maximum power (Pmax): 20Watt
Voltage at Pmax: 17.2V
Current at Pmax: 1.16A
Open- circuit voltage (Voc) : 21.6V
Short- circuit current (Isc) : 1.31A
Weight : 2.6kg
Operating temperature: -40 to 85 degrees Celsius
Module dimensions: 520 x 360 x 30mm
